

Happy Holidays

DEC 2021

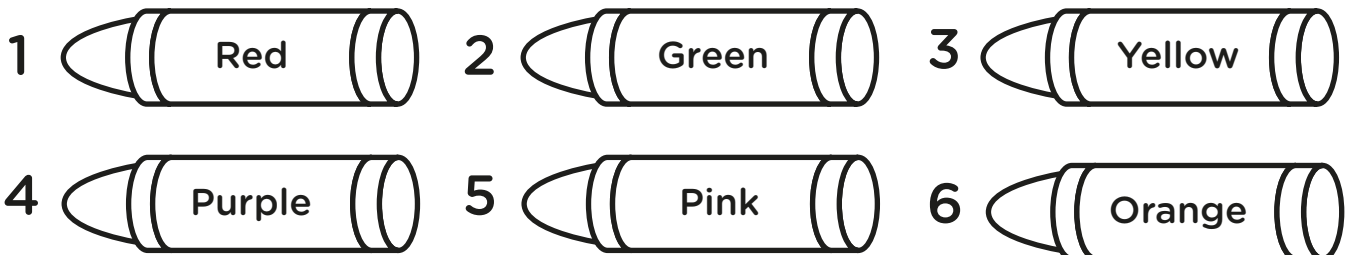

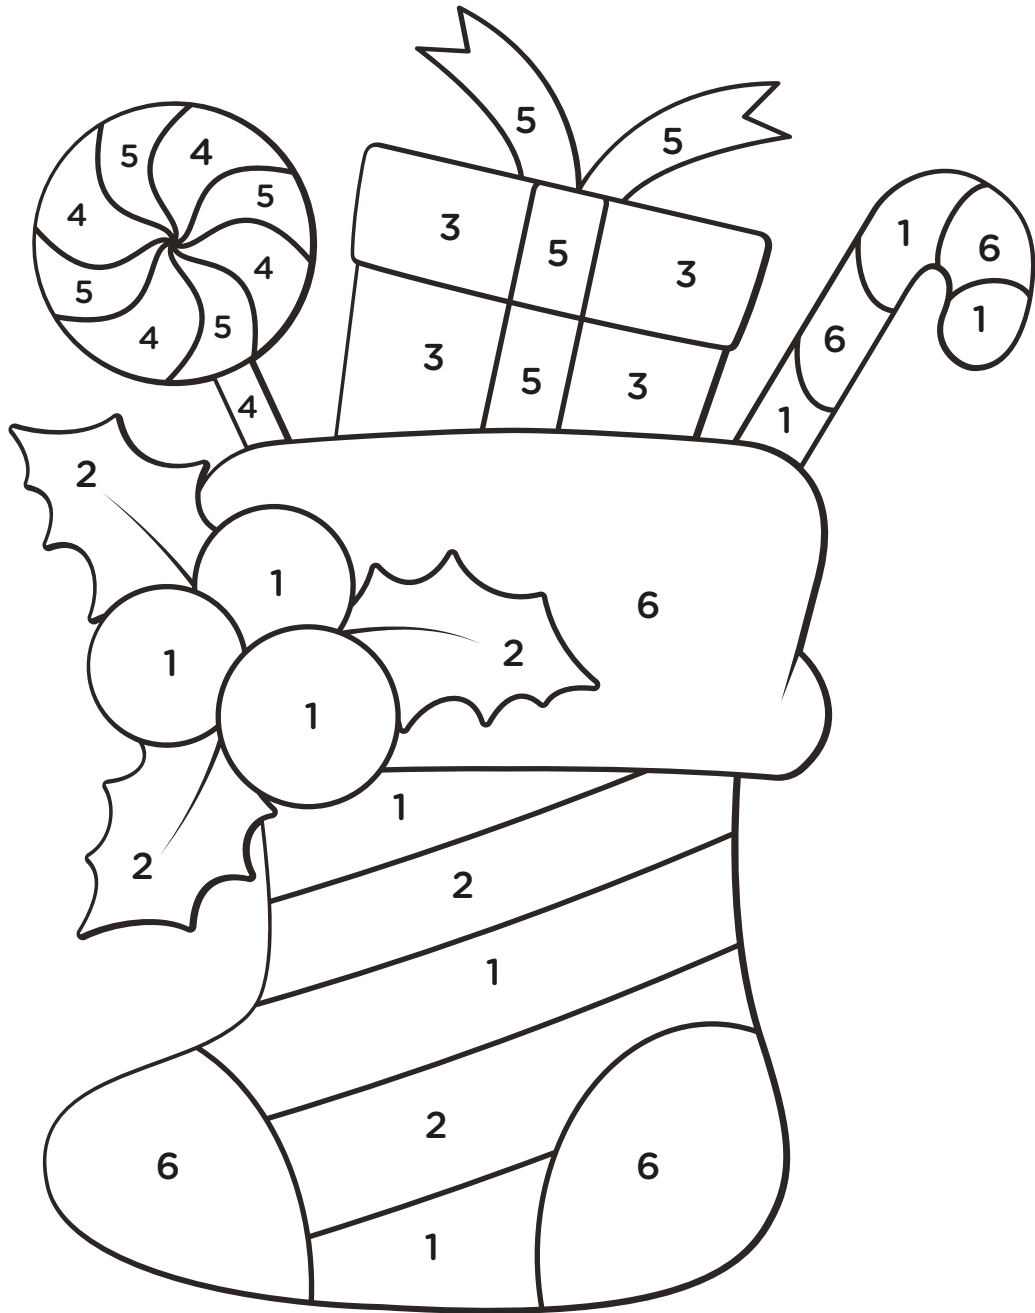

Pick the odd one

Similar but not the same, each row of these holiday trinkets and treats has an odd one among it. Have fun picking them out and coloring them after!

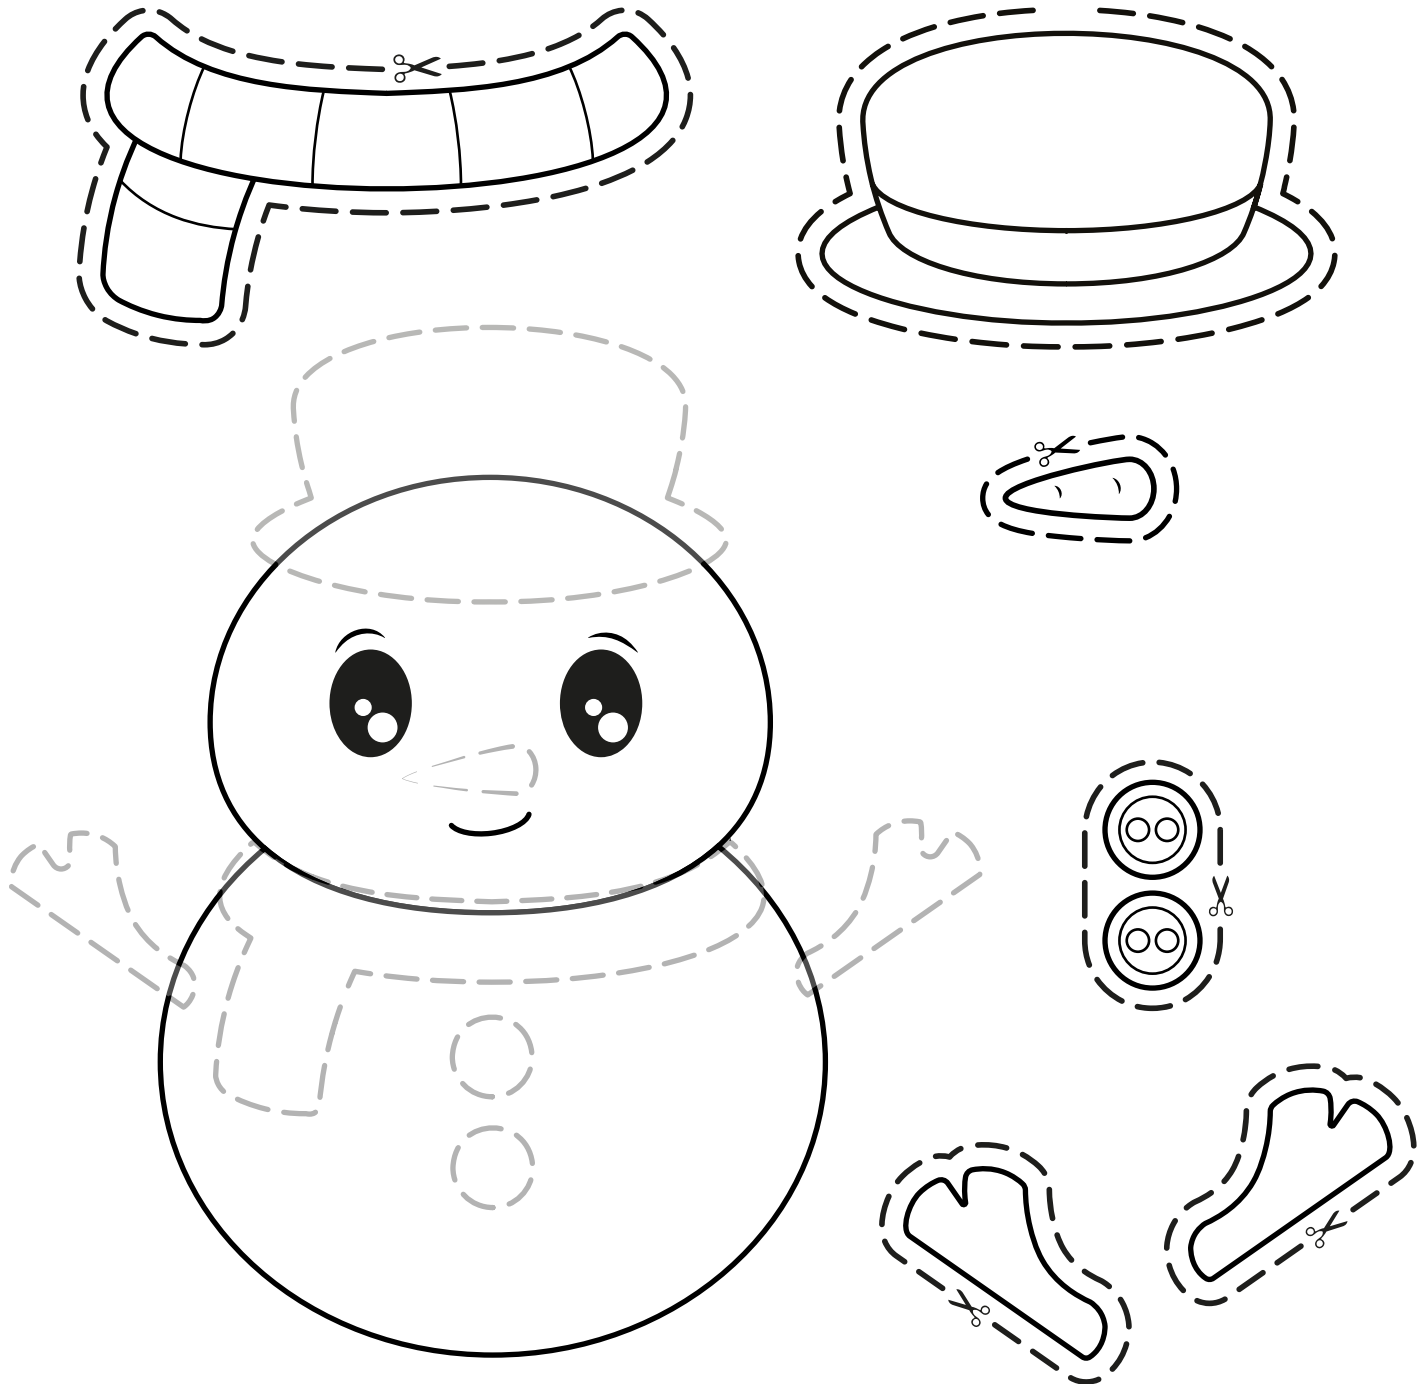

Color by numbers

Good tidings we bring - and a stocking filled with holiday goodies! Ah, but you need to color by numbers to bring it to life. Time to bring out your crayons and have fun!

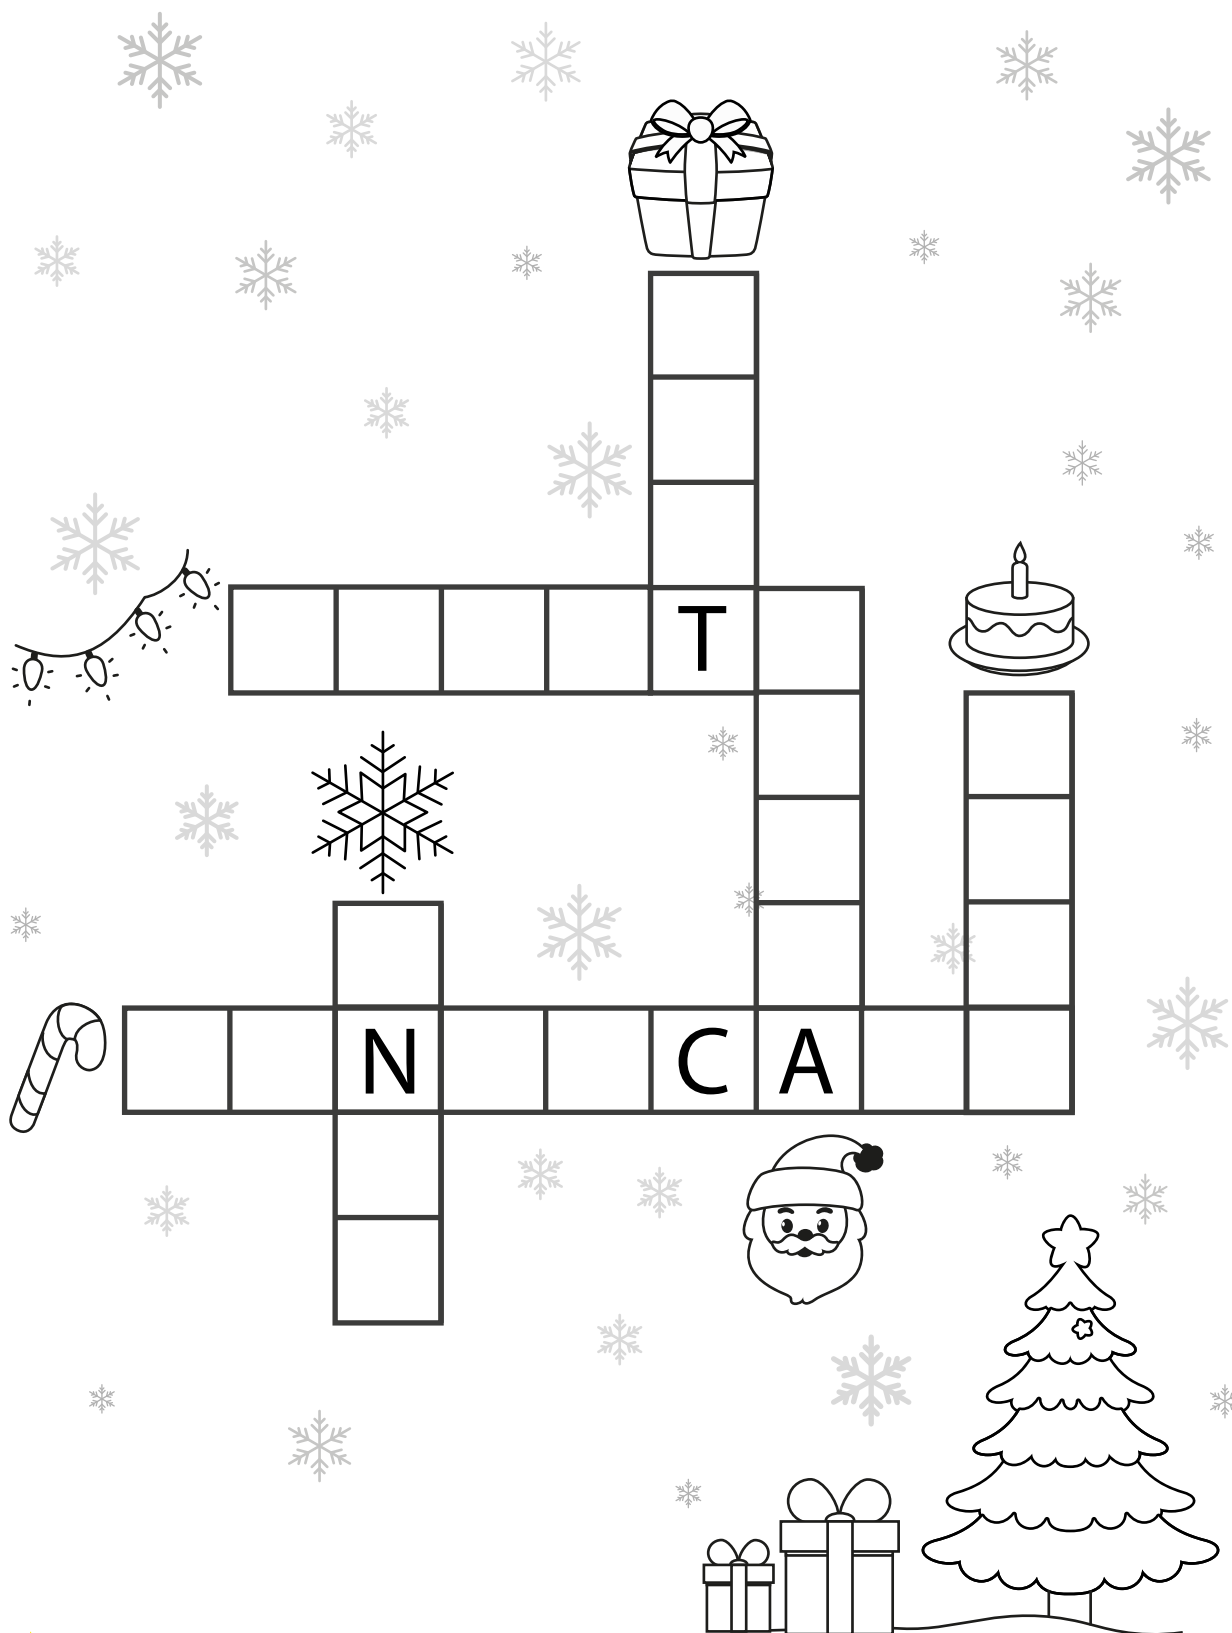

Build a snowman

This is your chance to build a snowman without freezing your fingers! Color each part, ask mom or dad to cut the shapes, and stick them all together. You'll absolutely make Frosty's day!

Solve a crossword

Yay, a puzzle! Oh, it's a crossword puzzle! Don't worry. All you have to do is look at the picture next to the row or column of boxes and guess what it is. Fill in your answer, and color to your heart's content!

Make finger puppets

Or two, or three, or four! Color, cut, and stick 'em on your fingers. Have a blast with our adorable holiday characters. There's enough to play with a friend too!
